LEGISLATIVE SUBJECTS AFFECTING RURAL ELECTRIFICATION  
AND TELEPHONE PROGRAMS

1. Specific legislation applicable to the rural electrification and telephone programs:
  - (a) Enabling laws for the formation and operation of electric and telephone cooperatives, non-profit or membership corporations.
  - (b) Bills amending enabling laws.
  - (c) Acts designed to protect territories of electric or telephone cooperatives.
  - (d) Acts relating to taxation of cooperatives or exemption of cooperatives from taxation.
  - (e) Legislation designed to subject rural electric or telephone cooperatives to jurisdiction of Public Utility (Public Service, Corporation, etc.) Commissions.
  - (f) Telephone interference and safety legislation.
  - (g) Legislation relative to easements and use of highways.
  - (h) State Rural Electrification Authority Acts or amendments.
  - (i) Power District Acts or amendments.
  - (j) Municipal Revenue Bond Acts or amendments.
  - (k) Compulsory telephone interconnection acts.
  - (l) Legislation affecting mortgages, deeds of trust and other security instruments given to REA.
2. General cooperative acts or amendments, and non-profit corporation acts or amendments, particularly in States where used by electric and telephone cooperatives.
3. Public utility regulation, general--electric and telephone utilities.
4. Licensing and Inspection Acts:
  - (a) Licensing of electrical contractors or journeymen or both and inspection of electrical wiring.
  - (b) Licensing of contractors.
  - (c) Licensing of engineers.
5. Taxation of public utilities or general business corporations.
6. Blue Sky legislation (requiring registration of and regulating issuance of securities or membership certificates).
7. Legislation relating to public power and flood control programs, including Interstate Water Compacts.
8. Labor Relations:
  - (a) Workmen's compensation legislation.
  - (b) Anti-strike and other labor regulatory bills applicable to utility workers.
